

IMPACT ADVISORY
& SOLUTIONS LIMITED

CAPABILITY STATEMENT | 2026

Finance, grants and organisational systems advisory for accountable delivery.

T2 Impact supports NGOs, INGOs, foundations, donor-funded programmes and other mission-driven organisations to strengthen financial control, donor compliance, management visibility and operational reliability.

12+ years

NGO finance and operations experience

US\$2M+

grant portfolios overseen

16+

audits coordinated

12

partners supported

OUR PROPOSITION

Strategic advisory + practical implementation

Systems strengthening + capacity transfer

Based in Kenya. Available for in-person, remote and blended assignments across Africa and internationally, subject to scope, availability, professional obligations and procurement requirements.

AREAS OF EXPERTISE

Consulting assignments we undertake

Examples of assignments T2 Impact is equipped to undertake. Final scope, methodology, timeline and outputs are agreed against each client's terms of reference.

01

Financial management & systems

Finance-function reviews, financial systems assessments, reporting improvement and organisational capacity assessments.

02

Grants & donor compliance

Grant-management reviews, restricted-fund controls, donor reporting, close-out support and corrective-action plans.

03

Audit readiness, controls & risk

Pre-audit reviews, documentation testing, internal-control assessment, risk registers and finding follow-up.

04

Partner due diligence & capacity

Partner financial assessments, risk ratings, improvement plans, finance training and follow-up monitoring.

05

Policies, manuals & SOPs

Finance and grants manuals, procurement procedures, delegation matrices, templates and rollout support.

06

Budgets, forecasts & reporting

Organisation and donor budgets, cash-flow models, scenario analysis, management packs and Board reporting.

07

Dashboards & portfolio systems

Executive dashboards, grant trackers, approval workflows, advance-liquidation tools and user guidance.

08

Training & implementation support

Role-specific learning, practical tools, coaching and post-training implementation review.

DEFINED OUTPUTS

What we deliver

01

Assessments & decisions

Financial systems and internal-control assessment reports; partner due-diligence reports; risk registers; prioritised corrective-action plans.

02

Frameworks & working tools

Finance manuals; grant-management frameworks; SOPs; compliance checklists; budget and cash-flow models; executive dashboards.

03

Implementation & capability

Implementation roadmaps; management-review routines; training materials; capacity plans; coaching and follow-up monitoring tools.

HOW WE WORK

1

Diagnose

Understand context, systems, risks and root causes.

2

Design

Agree proportionate solutions and defined outputs.

3

Implement

Configure tools, procedures and working routines.

4

Strengthen

Build staff and partner capability for consistent use.

5

Sustain

Embed ownership, monitoring and improvement mechanisms.

SELECTED FOUNDER EXPERIENCE

Senior NGO/INGO finance and operations leadership

Experience includes multi-donor portfolio oversight, audit coordination, donor compliance, budgeting and forecasting, partner financial monitoring, internal controls, policy frameworks and practical finance dashboards.

WORKING WITH T2 IMPACT

Consultancy delivery models

01

Short-term consultancy

Defined TOR, methodology, timeline and technical deliverables.

02

Organisational assessment

Independent review, recommendations and implementation roadmap.

03

Implementation support

Hands-on translation of approved recommendations into practice.

04

Retained advisory

Ongoing senior technical review without a full-time specialist role.

05

Training & capacity strengthening

Targeted learning, practical tools, coaching and follow-up.

06

Remote technical assistance

Structured remote delivery across Africa and internationally.

TOR AND RFP ENQUIRIES

Discuss your assignment.

Share the pressure point, intended outcome, timeframe and available terms of reference. T2 Impact will review the requirement and confirm fit, availability and the appropriate next step.
